Subject: Request for Additional Telephone Service - File A5-01500

STAT,

Project Manager, CIA

With the addition to the field office which is presently being installed, our telephone service will need to be expanded.

It is requested that arrangements be made for:

1. An additional six instruments.
2. An increase in the number of lines from the present three to four.
3. All of the lines be placed on a rotary system.

Your assistance in having the above accomplished as soon as possible is appreciated.

Arthur Carlucci
Project Manager
